MONTGOMERY - Data collected and analyzed by the Alabama Department of Labor's Labor Market Information Division shows that the most online wanted ads were for truck drivers, registered nurses, and retail supervisors, with more than 7,400 ads placed for those occupations in February.

The Help Wanted Online (HWOL) data is compiled from all online job postings in the state, including those posted on the state's free online jobs database, [www.joblink.alabama.gov](http://www.joblink.alabama.gov), and other sources, such as traditional job boards, corporate boards, and social media sites. "By keeping up with in-demand jobs, we're better able to prepare jobseekers who come in to the Career Centers for help," said Fitzgerald Washington, Commissioner of the Alabama Department of Labor. "We know that truck drivers and registered nurses continue to be in demand, so we can help people get the right training and education for those fields."

Heavy and tractor-trailer truck drivers earn a mean wage of \$19.58 per hour, registered nurses earn a mean wage of \$27.15 per hour, and first-line supervisors of retail sales workers earn a mean wage of \$19.23 per hour. (Full listing of comparable wages below.)
