Fort Payne Career Centers Accepting Applications

AP Plasman to hire 150

MONTGOMERY- Plastics manufacturer AP Plasman anticipates hiring 150 employees in the Fort Payne area before its June, 2011 opening. To assist in the hiring process the Fort Payne Career Center of the Alabama Career Center System has employed its mobile unit in an effort to aid job seekers interested in submitting an application to Plasman. As of Wednesday afternoon, approximately 900 applicants had been assisted by the Career Center staff.

Beginning on Monday, January 3 the Fort Payne Career Center began helping applicants with the AIDT online application process for potential job placement with Plasman, a Canadian based company known for their automobile partnerships with Honda, GM, Chrysler and Toyota.

Linda McCain, Fort Payne Career Center Manager says the mobile unit will remain on site until Friday, January 7 at 12:00 p.m. and will be accepting applications throughout the week.
