Employees of Unifi Manufacturing Inc. May Be Eligible for Additional Benefits

MONTGOMERY- Current and former employees of Unifi Manufacturing, Inc., located in Fort Payne, Alabama who were engaged in activities related to the supply of warehousing services may be eligible for benefits under the federal Trade Adjustment Assistance Act of 2011. According to an announcement by Alabama Department of Industrial Relations Director Tom Surtees, a petition filed on behalf of the workers was certified by the U.S. Department of Labor on March 23, 2012.

The U. S. Department of Labor found that the workers may have become unemployed as a result of increased imports. The petition covers periods of unemployment occurring on or after March 2, 2011 and before the termination date of March 23, 2014. Under the Trade Adjustment Assistance Act of 2011, displaced workers may be eligible for Trade Adjustment Assistance (TAA) benefits such as training, job search and relocation assistance, and Health Coverage Tax Credit (HCTC). For additional information on the HCTC, they can call toll free 866-628-HCTC (4282), or visit the IRS website at www.irs.gov

(IRS Keyword: HCTC).

If workers have exhausted their cash benefits under other state and federal unemployment compensation programs, they could be eligible for additional weekly benefits equivalent to the amount they were receiving under other programs. In order to receive Trade Readjustment Allowance (TRA) benefits, workers must be enrolled in training the later of 26 weeks after the certification date or after their last qualifying separation or a waiver of the training requirement must be granted by the state Employment Service Division of the Alabama Department of Industrial Relations.

Unifi Manufacturing, Inc. was also certified for Re-employment Trade Adjustment Assistance (RTAA). Employees aged 50 and older who obtain full time employment after their separation from the affected employer may be eligible for allowances under the RTAA program.

Surtees stated that potentially eligible individuals will be notified individually as soon as they are identified.
