### News Release

For Immediate Release: November 4, 2011

### Employees of Finish Line Hosiery May be Eligible for Additional Benefits

MONTGOMERY- Alabama Department of Industrial Relations Director Tom Surtees announced today that current and former employees of Finish Line Hosiery, Inc., located in Fort Payne, Alabama who were engaged in activities related to the production of hosiery may be eligible for benefits under the federal Trade Adjustment Assistance Act of 2002. According to Surtees, a petition filed on behalf of workers of Finish Line Hosiery, Inc. was certified by the U.S. Department of Labor on September 23, 2011.

The U. S. Department of Labor found that the workers may have become unemployed as a result of increased imports. The petition covers periods of unemployment occurring on or after July 17, 2011 and before the termination date of September 23, 2013. Under the Trade Adjustment Assistance Act of 2002, displaced workers may be eligible for Trade Adjustment Assistance (TAA) benefits such as training, job search and relocation assistance, and Health Coverage Tax Credit (HCTC). For additional information on the HCTC, they can call toll free 866-628-HCTC (4282), or visit the IRS website at [www.irs.gov](http://www.irs.gov) (IRS Keyword: HCTC).

If workers have exhausted their cash benefits under other state and federal unemployment compensation programs, they could be eligible for additional weekly benefits equivalent to the amount they were receiving under other programs. In order to receive Trade Readjustment Allowance (TRA) benefits, workers must be enrolled in training eight weeks after the certification date or sixteen weeks after their last qualifying separation or a waiver of the training requirement must be granted by the state Employment Service Division of the Alabama Department of Industrial Relations.

Surtees stated that potentially eligible individuals will be notified individually as soon as they are identified.
